 - 5 Years of project management experience
 - 7500 hours leading and directing projects
 - 35 hours of project management education

OR

- A four-year degree (bachelor's degree or equivalent)
 - 3 Years of project management experience
 - 4500 hours leading and directing projects
 - 35 hours of project management education.
- Check [PMP Handbook](#) for further details.

PMP Certification Requirements

- For 35 hours of Project Management education requirement, you can enroll in

**PMP Exam COMPLETE Training-35 PDU Hours
ULTIMATE PMP Course**

How to Apply for PMP?

- Online application
 - 5 calendar days
- Paper Application
 - By individuals (10 calendar days)
 - By corporations (20 calendar days)
- **Online application is recommended**
- Online application can be started by creating a profile on pmi.org through:
<https://certification.pmi.org/> link.

Online Application-Create Profile

The screenshot shows the PMI Online Application - Create Profile login page. The top navigation bar includes links for myPMI, Certifications, Membership, Learning, Events, Business, Governance, and Help. The main content area features a "Login" section for existing users, which includes fields for Username and Password, and links for forgot username and password. Below this is a "New User" section with a "Create an Account" button, which is highlighted with a red box. A note indicates that new users or those applying for paper membership can use the online registration process. To the right of the "Create an Account" button, the text "Click «Create an Account» button." is displayed.

The screenshot shows the PMP Application - Step 1: Application page. On the left, there's a vertical sidebar with links like 'Return to Overview', 'Step 1: Application' (which is active), 'Contact Address', 'Contact Information', 'Attained Education', 'Requirements' (which is active), 'Overview', 'Eligibility Worksheet', 'PM Experience', 'PM Education', 'Optional Information', 'Certificate', 'Agreement', 'Review and Submit', 'Step 2: Schedule Exam', and 'Step 3: Exam Results'. The main content area has a title 'PMP Requirements Overview' with a 'Help' link. It explains that to be eligible for the PMP credential, you need to meet certain requirements for professional experience and education. It details the 'Project Management Experience' required, which involves documenting experience leading and directing projects under general supervision within schedule, budget, and scope. It also specifies 'Required Experience Levels' for different degrees. A callout box on the right says 'PMP application requirements are reminded.'

PMP application requirements are reminded.

Online Application-Requirements Overview

Project Management Education

You need to document at least 35 contact hours of specific instruction that addressed learning objectives in project management. One hour of classroom instruction equals one contact hour needed to meet this requirement.

Record all of the hours that you completed regardless of when you accrued them. All reported coursework must be completed at the time of your application.

On the left, a sidebar lists steps: 'Return to Overview', 'Step 1: Application' (selected), 'Contact Address', 'Contact Information', 'Attained Education', 'Requirements' (selected), 'Overview', 'Eligibility Worksheet', 'PM Experience' (highlighted in grey), 'PM Education', 'Optional Information', 'Certificate', 'Agreement', 'Review and Submit', 'Step 2: Schedule Exam', and 'Step 3: Exam Results'. The main content area has a heading 'Add/Edit Experience' with a 'Help' link. It instructs users to enter hours spent in domain areas. A table lists three domains with their respective hours and descriptions:

Domain Area	Hours	Description
Initiating the Project	800 *	Defining the project scope and obtaining approval from stakeholders. For example: Perform project assessment; define the high-level scope of the project; perform key stakeholder analysis; identify and document high-level risks, assumptions, and constraints; develop and obtain approval for the project charter.
Planning the Project	1000 *	Preparing the project plan and developing the work breakdown structure (WBS). For example: Assess detailed project requirements, constraints, and assumptions with stakeholders; create the work breakdown structure; develop a project schedule; develop budget, human resource management, communication, procurement, quality management, change management, and risk management plans; present the project plan to the key stakeholders; conduct a kick-off meeting.
Executing the Project	1600 *	Performing the work necessary to achieve the stated objectives of the project. For example: Obtain and manage project resources; execute the tasks as defined in the project plan; implement the quality management plan; implement approved changes according to the change management plan; implement approved actions by following the risk management plan; maximize team performance.

Fill in how many hours you spent in which phase of the project during this experience.

You can assume 180 hours of work as 1 month during filling in your experience.

Online Application-PM Experience

1400

Controlling and Monitoring the Project

Monitoring project progress, managing change and risk, and communicating project status. For example: Measure project performance using appropriate tools and techniques; manage changes to the project scope, schedule, and costs; ensure that project deliverables conform to the quality standards; update the risk register and risk response plan; assess corrective actions on the issue register; communicate project status to stakeholders.

400

Closing the Project

Finalizing all project activities, archiving documents, obtaining acceptance for deliverables, and communicating project closure. For example: Obtain final acceptance of the project deliverables; transfer the ownership of deliverables; obtain financial, legal, and administrative closure; distribute the final project report; collate lessons learned; archive project documents and materials; measure customer satisfaction.

Fill in how many hours you spent in which phase of the project during this experience.

The screenshot shows the PMI website interface for applying for a PMP certification. The main title is 'Online Application-PM Experience'. The navigation bar includes links for myPMI, Certifications, Membership, Learning, Events, Business & Government, PMBOK® Guide & Standards, and Store. Below the navigation is a sub-header 'PMP Application - Step 1: Application'. On the left, there's a sidebar with a 'Return to Overview' link and a 'Step 1: Application' section containing links for Contact Address, Contact Information, Attained Education, Requirements (which is currently selected), Overview, Eligibility Worksheet, PM Experience (which is bolded), PM Education, and Optional Information. The main content area is titled 'Add/Edit Experience' with a 'Help ?' link. It asks to identify a primary contact for verification. A form is provided for entering the contact's name (Nick Atchison), relationship (Client), and email (Nick.Aitchison@britishtelecom.com). Below this is a 'Contact's Phone Number' section with fields for country code (44), area code, phone number (162432453413), and extension. A note says '* indicates a required field'. To the right of this section is a callout box with the text 'Enter a reference contact for your new experience. PMI might contact with this person in case of audit.' At the bottom are 'Back' and 'Save and Continue' buttons.

PMP Application - Step 1: Application

Add/Edit Experience

Enter the number of hours you have spent working in each domain area. This will count toward the hours of experience needed for the eligibility requirement.

DOMAIN AREAS

400 * **Initiating the Project**

Defining the project scope and obtaining approval from stakeholders. For example: Perform project assessment; define the high-level scope of the project; perform key stakeholder analysis; identify and document high-level risks, assumptions, and constraints; develop and obtain approval for the project charter.

600 * **Planning the Project**

Preparing the project plan and developing the work breakdown structure (WBS). For example: Assess detailed project requirements, constraints, and assumptions with stakeholders; create the work breakdown structure; develop a project schedule; develop budget, human resource management, communication, procurement, quality management, change management, and risk management plans; present the project plan to the key stakeholders; conduct a kick-off meeting.

1300 * **Executing the Project**

Performing the work necessary to achieve the stated objectives of the project. For example: Obtain and manage project resources; execute the tasks as defined in the project plan; implement the quality management plan; implement approved changes according to the change management plan; implement approved actions by following the risk management plan; maximize team performance.

Online Application-PM Experience

1000 * Controlling and Monitoring the Project

Monitoring project progress, managing change and risk, and communicating project status. For example: Measure project performance using appropriate tools and techniques; manage changes to the project scope, schedule, and costs; ensure that project deliverables conform to the quality standards; update the risk register and risk response plan; assess corrective actions on the issue register; communicate project status to stakeholders.

300 * Closing the Project

Finalizing all project activities, archiving documents, obtaining acceptance for deliverables, and communicating project closure. For example: Obtain final acceptance of the project deliverables; transfer the ownership of deliverables; obtain financial, legal, and administrative closure; distribute the final project report; collate lessons learned; archive project documents and materials; measure customer satisfaction.

In the space provided below, summarize this project. The summary should include the project objectives and your role, as well as key deliverables and outcomes by Process Groups. The description should include examples of how you led and directed this project. Ensure that your description is between 300 and 550 characters. *

Main purpose of the project was replacing old PSTN system of British telecom with new IMS technology. In scope of the project, more than 40 million subscribers have been migrated from old PSTN technology to new IMS system.

My main responsibility was managing IMS Integration team to implement new system and migrating the subscribers from old system to new system. Implementation, integration and testing activities have been done by our team under my supervision.

Enter your project's main objective and your role in this experience.

PMI CERTIFICATION APPLICATION/RENEWAL AGREEMENT

By clicking the "I Agree" box below, you represent and agree to the following terms, conditions and releases related to PMI's Certification Programs:

1) I agree to satisfy and conduct myself in accordance with all PMI certification program policies and requirements, including this Agreement, the [PMP Handbook](#), and the [PMI Code of Ethics and Professional Conduct](#) (as they may be revised from time to time); and I shall maintain confidentiality of PMI examination questions and content. Furthermore, I agree not to discuss, debrief or disclose, in any manner, the specific content of PMI examination questions and answers, to any individual.

2) I agree that I shall at all times act in a truthful and honest manner and provide truthful and accurate information to PMI. I agree that any intentional or unintentional failure to provide true, timely and complete responses to questions in this application or renewal form may lead to further investigation and/or sanctions by PMI. I also agree to promptly report to PMI any possible violations of the terms of this Agreement or the PMI Code of Ethics and Professional Conduct by PMI members or by persons who have applied for a PMI credential or have been awarded a credential by PMI.

3) I agree to notify the PMI Certification Department in a timely manner of changes concerning the information I have provided, including my current address and telephone number.

4) I have reported, and will continue to report, to the PMI Certification Department, within sixty (60) days of occurrence, any matters, proceedings, lawsuits, settlements and/or other agreements, administrative agency actions, or organizational actions relating to my profession or occupation, including all complaints relating to my professional activities as a project management practitioner, and matters or proceedings involving, but not limited to certification, credentialing, malpractice, disciplinary ethics or similar matters. I also agree to promptly report, within sixty (60) days of occurrence, any felony criminal charges, convictions, or plea agreements or other criminal charges, convictions, or plea agreements relating to acts of dishonesty or unethical conduct.

Help ?

Read the agreement and save after agreeing.

Online Application-Review & Submit

9) I agree that upon achieving the PMI credential, my name may be posted on the PMI website as part of an Online Registry to be created and maintained by PMI.

10) I agree that information related to my participation in the PMI certification process may be used in an anonymous manner for research purposes only.

11) I agree that all disputes relating in any way to my application for a PMI credential and/or my involvement generally in a PMI certification program, will be resolved solely and exclusively by means of PMI Certification Department policies, procedures and rules, including the Appeals Process.

12) I certify that I am legally eligible to seek certification from PMI, and that I am not on any list of designated parties maintained by the US government, including but not limited to the List of Specially Designated Nationals and Blocked Persons, nor am I in anyway affiliated with the governments of countries to comprehensive US sanctions, currently Iran, Sudan, Syria and Cuba, nor am I ordinarily or permanently resident in Syria or Cuba.

13) PMI reserves the right to suspend or revoke the credential of any individual who is determined to have failed to uphold, or otherwise breached this Agreement, or committed a violation of the PMI Code of Ethics and Professional Conduct.

14) I release and indemnify PMI and the PMI Certification Department from all liability and claims that may arise out of, or be related to, my project management and related activities.

15) I hereby release, discharge and indemnify PMI, its directors, officers, members, examiners, employees, attorneys, representatives, agents and the PMI Certification Department from any actions, suits, obligations, damages, claims or demands arising out of or in connection with this application, the scores given with respect to the examination or any other action taken by PMI with regard to credentialing, testing and professional development including, but not limited to, all actions related to ethics matters and cases. I understand and agree that any decision concerning my qualification for any credential, as well as any decisions regarding my continuing qualification for any credential and my compliance with the PMI Code of Ethics and Professional Conduct, rest within the sole and exclusive discretion of PMI, and that these decisions are final.

This Agreement may be updated or revised from time to time. For the most current information, please refer to the online version of the credential handbooks located in the Certification Program section of PMI's website at <http://www.pmi.org/Certification/Which-PMI-Certification-is-Right-for-You.aspx>.

Apply for CAPM Credential

The CAPM credential is a global credential suitable for project team members and entry-level project managers, as well as qualified undergraduate and graduate students.

Eligibility requirements and candidate policies/procedures

You have submitted your PMP application

PMI is now reviewing your application. The review process may take up to 5 business days. During this time, PMI may communicate with the primary contacts you provided on your application to validate your project management experience and/or education.

Download submitted application

Current status of your application will be seen on your profile in pmi.org..

PMI Audit Process

- PMI audit is done randomly.
- PMI might require following if your application is audited.
 - Copies of your diploma/global equivalent
 - Reference letters from your supervisors or managers that you performed the project work you stated in your application
 - Copies of certificates and/or letters from the training institutes for each course recorded in project management education section.

PMI Audit Process

- After you receive the notification email of PMI regarding supporting documentation about audit, you need to send these documents to following address of PMI within 90 days.

Address:

PMI

Attn: Certification Audit

14 Campus Blvd.

Newtown Square, PA 19073-3299 USA
